

the State who are receiving special education and related services.

(Authority: 20 U.S.C. 1411(a)(3))

(b) The SEA shall submit the report on forms provided by the Secretary.

(Authority: 20 U.S.C. 1411(a)(3))

NOTE: It is very important to understand that this report and the requirements that relate to it are solely for allocation purposes. The population of children the State may count for allocation purposes may differ from the population of children to whom the State must make FAPE available. For example, while section 611(a)(5) of the Act limits the number of children who may be counted for allocation purposes to 12 percent of the general school population aged 3 through 17 (in States that serve all children with disabilities aged 3 through 5) or 5 through 17 (in States that do not serve all children with disabilities aged 3 through 5), a State might find that 14 percent (or some other percentage) of its children have disabilities. In that case, the State must make FAPE available to all of those children with disabilities.
